SHARING & GIVING BACK

The BIG Book of Facilitating Deliberation
Launched in 2022, and purchased by more than 350 people across 23 countries.

Democracy Research & Development group
Members of international group Democracy RnD - working to improve democracy from the local to the global level.

Research into participant change

In 2022, we published results of a six-year, longitudinal study across 23 engagement projects measuring change across 741 deliberative participants. Results highlighted the powerful, transformative impact of deliberative democracy.
