

YES, THANK YOU.

We accept the very generous invitation of signatories to the Uluru Statement from the Heart to walk together in support of a Voice to Parliament.

WE ACCEPT THIS INVITATION BECAUSE:

1

we believe **people affected by decisions** should be involved in those decisions

2

we believe embracing **diversity of views** and opinions gets a better result for a healthy democracy

3

we believe having a **voice is important for healing**

4

we believe the engagement **process** to get here was **robust** and **inclusive**

This is simple and as a nation we can do this!!

REGARDLESS OF THE OUTCOME, MOSAICLAB COMMITS TO CONTINUE TO DEMONSTRATE OUR SUPPORT – TO WALK ALONGSIDE FIRST PEOPLES, SUCH AS:

- ♦ prioritising projects with self-determination principles
- ♦ acknowledging and respecting cultural protocols
- ♦ advocating for amplifying Indigenous voices in all engagement activities
- ♦ providing pro bono support to First Nations organisations
- ♦ continue incorporating personal connections into our acknowledgment of country
- ♦ continued learning and relationship building.
